

Our Strategic Plan 2026 - 2028

Supporting People to Live Their Best Lives

At EllieBs, we are proud to be one of South Australia's leading specialist not-for-profit providers, supporting people with autism and intellectual and developmental disability to live meaningful, inclusive and self-directed lives for almost 50 years.

We are quiet achievers. While we may not always seek the spotlight, we are deeply committed to making a meaningful difference in the lives of the people we support. Every decision we make starts with one simple principle: **the person is at the centre of everything we do.**

Through trusted relationships, skilled and compassionate employees, and a commitment to continuous improvement, we support people to live with greater choice, independence, inclusion and dignity.
